Jim Oulundsen is the Laboratory Director at eLab Forensics ([www.elabforensics.com](http://www.elabforensics.com)) overseeing the digital forensic laboratory and the Lab Quality Management System. He is the co-author of the Digital Evidence Case Assessment Method and a co-founder of the Digital Evidence Innocence Initiative ([www.digitalinnocence.com](http://www.digitalinnocence.com)). Jim has been employed full-time as a criminal defense investigator at I.R.I.S. LLC in Hartford, CT ([www.irisinvestigations.com](http://www.irisinvestigations.com)) since 2003.

Jim has conducted computer and cell phone forensic acquisitions and investigations in complex criminal defense and civil matters since 2004 and has testified as an expert witness in state and federal court. Jim is proficient the leading forensic tools including *EnCase Forensic* software, *EnCase Smart Phone Examiner* software and *Cellebrite UFED* forensic products. Jim is an EnCase Certified Examiner (EnCE) and Cellebrite Certified Mobile Examiner (CCME) and is a Connecticut Notary Public.

Helps provide forensic training and instruction for laboratory personnel and has developed training programs regarding digital forensics for the State of Connecticut Division of Public Defender Services, New England Public Defenders Regional Training, The National Defender Investigator Association and the Connecticut Trial Lawyers Association. His forensic investigations have resulted in many favourable outcomes for his clients.
